

## DISCOVERY YACHTING ENVIRONMENTAL POLICY

Discovery Yachting recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods.

### RESPONSIBILITY

Discovery Yachting is responsible for ensuring that this environmental policy is implemented, however, all employees have a responsibility in their area to ensure that the aims and objectives of this policy are met.

We are also participating and taking actions regarding any waste cleaning of the wonderful Greek beaches and Greek waters.

### POLICY AIMS

We endeavour to:

- Comply with all relevant regulatory requirements
- Continually improve and monitor environmental performance
- Continually improve and reduce environmental impacts
- Increase employees' and clients' awareness through the partnership with Green Sail

### PAPER:

We will:

- Recycle all papers used for bureaucratic purposes.
- Introduce online check in (e-Check in) to reduce the use of paper inventory list.

- Introduce online Charter Review Forms, to reduce the use of paper.
- Scan our documents, so we can have the copies in digital form instead of paper.

## ENERGY AND WATER

- Available information onboard our yachts for the environmental protection of Greek Seas.
- By using sails instead of engine there is less consumption of fuel and reduction of cost.
- By using sails instead of engine there is reduction of emissions of pollutants

## OFFICE SUPPLIES

- Less paper is needed, since online procedures are available.
- Less paper in our everyday office work.
- Less printing.
- We use electricity wisely and are aware of the energy consumption. We always plug off electric devices when not in use.

## TRANSPORTATION

- During the check in procedure and briefing, we inform our clients about the advantages of opening the sails and turning off the engine.
- We encourage our clients and employees to use means of public transport, instead of multiple taxis or cars, to reduce air pollution.
- We encourage our clients to pack "light", since we are aware that the heavier their luggage are, the more fuel an airplane will need to fly.

## MAINTENANCE AND CLEANING

- In Discovery Yachting we use environment friendly antifouling.
- We use non-chemical eco-cleaning products.
- We use encourage the clients to recycle their garbage in special recycling bins.
- We inform our clients that they should not throw away rubbish into the sea.

## MONITORING AND IMPROVEMENT

We will:

- Comply with all relevant regulatory requirements
- Continually improve and monitor environmental performance
- Continually improve and reduce environmental impacts

## CULTURE

- Discovery Yachting places the protection of the environment in priority, creating a policy of ecological briefing, convincing, our clients/charterers who sail with us, to live the unique experience of yachting by opening the Sails and turning off the engine.
- We will update this policy once annually in consultation with staff and other stakeholders where necessary.
- We are participating in environment friendly initiatives.
- We encourage our clients to spend on local shops, to help the community to overcome financial diversities.

*Our planet is our home.  
Our seas are our home.  
We all have to take care of our home.*
